

G. A. R. REUNION

Thirty Thousand Delegates Quar-
tered in Salt Lake City.

FIVE PAST COMMANDERS THERE

Three Thousand Guests Attend Reception to Commander in Chief Nevius. St. Louis and Atlantic City Fight Hard for Honor of Next Encampment—Ketcham and Van Sant Candidates for Chief.

Salt Lake, Aug. 10.—Thirty thousand veterans and visitors are quartered in this city, with the prospect of having their number increased to 50,000 by tomorrow. Drum and pipe corps paraded the streets and at the various headquarters bands furnished martial music.

Of the 146 past commanders in chief now living, five are in attendance. They are General S. S. Burdett of Washington, Eli Torrance of Minneapolis, John R. King of Baltimore, Corporal James Tanner of Washington and General Charles B. Burton of Nevada, Mo.

A reception in honor of Commander in Chief Nevius and staff was given by the Woman's Relief corps last night. Three thousand guests were present.

The fight between St. Louis and Atlantic City for the encampment of 1910 is to be warmly contested. Denver is urging its advantages for the 1911 encampment.

For commander in chief, ex-Governor Van Sant of Minnesota and W. L. Ketcham of Indiana continue to be the active candidates.

Every state of the late confederacy has a delegation here. Between them, Louisiana and Mississippi have mustered about fifteen veterans. Texas sent twenty. Georgia has furnished the largest delegation.

There are about fifty colored veterans at this encampment.

Members of the Massachusetts delegation, 124 strong, boast that their special train outran a tornado near Kearney, Neb., and can beat anything else that blows.

MURDER NEAR ROCHESTER

Body of Slain Woman Found Buried in Cemetery.

Rochester, N. Y., Aug. 10.—That Anna Schumacher, the seventeen-year-old girl whose body was found crudely buried in Holy Sepulcher cemetery, was choked and beaten to death after being cruelly assaulted, is the conclusion based on the autopsy held by Coroner Henry Kleindienst, but many of the circumstances of the crime, even to the exact place where it was committed, can still be only guessed at. Although the authorities believe they have a clue, namely, a broken spade found near the body, the identity of the murderer is a matter of speculation.

UNITED PRINTERS ENJOY OUTING

Half Dozen Heat Prostration Among Delegates at St. Joseph.

St. Joseph, Mo., Aug. 10.—The delegates and visitors to the fifty-fifth annual convention of the International Typographical union were taken on a special train to Waterworks hill for an outing. On account of the extreme heat, there were half a dozen prostrations among the visitors, but none of the cases were serious. Minneapolis seems to be in the lead over Atlanta and Salt Lake as the place of the next meeting.

PHILIPPINE "VETS" MEET

Bugler Sebast Formally Opens Tenth Annual Reunion at Pittsburgh.

Pittsburgh, Aug. 10.—The tenth annual convention of the Army of the Philippines and the ninth annual reunion of the American veterans of foreign service was formally opened today, when "reveille" was blown by Bugler Fabian Sebast, who has national fame as the man who blew the call when the American flag was raised at Santiago and the Spanish colors lowered.

IRRIGATION CONGRESS MEETS

Five Cities in Race for Next Meeting Place.

Spokane, Wash., Aug. 9.—A warm fight over a meeting place for next year was considered by the delegates to the National Irrigation congress, which met today. San Francisco, El Paso, Chicago, St. Louis and Rochester are in the race. Governor Shafroth of Colorado likely will be a candidate for president.

THAW'S FATE IN COURT'S HANDS

In Cell at White Plains He Awaits Decision of Justice His.

White Plains, N. Y., Aug. 7.—Harry K. Thaw's latest struggle to regain his freedom ended today. The final arguments of the attorneys were made before Justice Mills, who will file his decision with the county clerk here on the morning of Thursday, Aug. 12.

TWO KILLED BY LIVE WIRE

Fire Destroys Three Lumber Yards at St. Paul.

St. Paul, Aug. 9.—Two men were killed by a live wire in a lumber yard fire between St. Paul and Minneapolis. The fire destroyed the yards of the St. Croix, the Transfer and the H. B. Wait Lumber companies. The total loss is \$75,000.

TAFT SIGNS TARIFF BILL

Payne Measure Passes Senate by Vote of 47 to 31.

Chronology of Payne Tariff Bill.

March 4, 1909.—President Taft called an extraordinary session of congress to revise the tariff.
March 15.—Congress convened.
March 18.—Chairman Payne of the house ways and means committee introduced provisional bill.
April 10.—House passed bill and transmitted it to the senate.
April 12.—Senate began consideration of the measure.
July 8.—Senate passed the bill with 847 amendments.
July 9.—Tariff question shifted from both houses of congress and sent to conference committee.
July 29.—Conferees reached agreement and it was signed and reported to the house.
July 31.—House adopted conference report and passed the bill.
August 5.—Senate adopted conference report and passed the bill.
August 5.—President Taft signed the tariff bill.
August 6, 1909.—New tariff law became effective.

Washington, Aug. 6.—The tariff has been revised and the extraordinary session of congress has been brought to a close. The conference report on the bill was agreed to by the senate by a vote of 47 to 31 and soon afterwards the concurrent resolution making certain changes in the leather schedule was adopted by both houses. President Taft affixed his signature and today it became the law of the land.

The bill received all the Republican votes except those of Bristow, Clapp, Cummins, Dilliver, LaFollette, Beveridge and Nelson.

President Taft gave out a statement embodying his views of the new tariff act, which he designates officially as the "Payne bill," in accordance with past custom of giving first recognition to the framer of the measure in the house of representatives.

The president declares that while the bill is not perfect by any means, nor a complete compliance with the promises made as strictly interpreted, "it is nevertheless a sincere effort on the part of the party to make a downward revision and to comply with the promises of the platform."

Forty-six Perish in Wreck of Ship. Cape Town, Aug. 6.—The British steamer Maori foundered off Slang bay. Forty-six of the crew were drowned.

CANNON PUNISHES FOES

Insurgents Draw Back Seats in Speaker's List of Appointments.

Washington, Aug. 6.—Speaker Cannon announced the following important house committee changes:

Representatives Fowler (N. J.), Gardner (Mass.) and Cooper (Wis.), three of the "rules insurgents," who held chairmanships in the last session of congress, have lost their committees. Representative Vreeland (N. Y.) succeeds Fowler as head of the committee on banking and currency and Representative Rodenberg (Ill.) succeeds Gardner as chairman of the committee on industrial arts and expositions. Cooper was replaced by Representative Olmstead (Pa.). Representative Davidson (Wis.) is retained as head of the committee on railways and canals. These members participated in the fight on the rules at the beginning of the present session and thus incurred the speaker's displeasure.

FLOOD OF SUGAR FROM CUBA

First Vessel Under Low Duty Brings Record Cargo.

New York, Aug. 10.—The steamship Mercedes Larines, from Cienfuegos, Cuba, brought not only a record cargo of raw sugar, but she was the first vessel to bring in any of that commodity under the lower duty provided in the Payne bill. She has in her hold 41,397 bags of raw sugar, the largest cargo received in New York in many years. Many other vessels carrying Cuban sugar are either on their way here or are being loaded as fast as possible, and it is said that the market will be flooded with sugar from Cuba within the next few weeks. The cane crop in Cuba this year is the largest in recent years.

STEAMER DUBUQUE OFF BAR

Passengers Finally Reach St. Louis, Tired and Hungry.

St. Louis, Aug. 9.—The 150 passengers on the steamer Dubuque, who were marooned two days when the boat struck a sandbar, four miles above Grafton, Ill., arrived in St. Louis, tired and hungry. The boat struck late Friday night and did not free itself until Sunday. The absence of wire communication with river towns in the vicinity of the accident kept back tidings of the stranding until Saturday night.

MRS. CASTLE IS RELEASED

Brother Finds Bondsman for Woman Who Shot W. B. Craig.

New York, Aug. 10.—Mrs. Mary Scott Castle, the erstwhile actress from California, who defied William B. Craig's fountain pen and slightly wounded the lawyer when she fired a revolver at him in the Waldorf, was released from the Jefferson Market prison under \$3,000 bail, after six days of imprisonment. Mrs. Castle's brother, Captain Henry Harrison Scott, U. S. A., who came up from the south to aid her, obtained a bondsman.

CLARKSON FOUND

Was Working In Pearl Button Factory at Sabula.

TAKES TRAIN BACK TO KENOSHA

No Details of His Wandering for Last Three Weeks—He Once Before Mysteriously Disappeared While Practicing Law in Omaha and Was Located Near Same Place—Said to Be Safe and Well.

Kenosha, Wis., Aug. 7.—Judge Joseph R. Clarkson, who disappeared from his home here on July 14, was found at Sabula, Ia., by John Burns, one of his close friends who has been searching for him since he left Kenosha. Judge Clarkson, in company with Burns, took a train for here. The telegram telling of the finding of the man was brief and gave no details of his wandering for the last three weeks. He was working in a pearl button factory when found.

It was only a few miles from Sabula that Judge Clarkson was found eighteen years ago, when he disappeared from Omaha under circumstances similar to the present case. After returning home to Omaha, Judge Clarkson could remember nothing of the weeks he was walking about the country. One of the strange features of the case is the influence which caused him to retrace the steps which he took on the occasion of his first disappearance. The clue which led the searchers to Sabula was received in Kenosha Thursday and Burns at once set out to find his friend. Clarkson was judge of the superior court here for several years, but after retiring from the bench he did not engage in active practice.

When found Judge Clarkson was busily engaged in cutting buttons and he had been so employed since July 30. He suddenly came to his senses when informed that he was Judge Clarkson and said that he was happy that he had been found.

JAPS PUSH WORK ON ROAD

Believed There Will Be No Armed Clash in Manchuria.

Tokyo, Aug. 9.—There is no sign of any disturbance anywhere along the line of the Antung-Mukden railroad, the reconstruction of which was begun by the Japanese government.

It is believed that Japan's action in beginning the work at this time is taken in full confidence that China will not have recourse to anything approaching warlike measures. The Japanese government believes the Chinese authorities are fully aware of the gravity of the consequences that would follow forcible resistance to the Japanese plans. The press of Japan is generally supporting the government.

TURKO-GREEK CRISIS IS ACUTE

European Capitals See Danger Line in Cretan Trouble.

London, Aug. 9.—The acute stage reached in the dispute between Turkey and Greece over Crete is causing anxiety in the European capitals, such as always accompanies any diplomatic difficulty in that quarter of Europe. From the latest reports it appears that Turkey has not presented anything in the form of an ultimatum to Greece, but has confined herself to verbal protests, while the four protecting powers are making energetic representations both to Constantinople and Athens to secure an amicable agreement of the dispute.

FREEMAN KNOWLES IN JAIL

Deadwood Editor Refuses to Pay Fine of \$500 for Misuse of Mails.

Lead, S. D., Aug. 9.—Freeman Knowles, editor of the Lantern, a weekly paper published at Deadwood, was taken to Rapid City to be confined in the Pennington county jail until a fine of \$500, imposed by Judge Carland of the federal court in May, last year, is paid. Knowles, who is sixty-three years old and a veteran of the Civil war, was convicted of publishing and transmitting through the mails matter alleged to be of an improper character. The prisoner is defiant, declaring he will die in jail before paying a cent.

HARRIMAN STILL A SICK MAN

Magnate Looks Thoroughly Worn Out, but Friends Expect Recovery.

Munich, Aug. 9.—E. H. Harriman, accompanied by his wife, two daughters and younger son, arrived in Munich. Mr. Harriman's health, although benefited by his three weeks' stay at Bad Gastein, still leaves much to be desired. His appearance is that of a man thoroughly worn out and his manner is listless. Members of his party, however, say he is much improved and expect steady progress toward recovery.

MORE RIOTING AT MONTREAL

One Woman Stabbed and Another Clubbed Over the Head.

Montreal, Aug. 7.—Further rioting developed in the strike of the Hebrew bakers of Montreal. In a melee in a grocery store one woman was stabbed and is in a serious condition; another woman was clubbed over the head, a man was stabbed in the wrist and several others were more or less seriously injured. The trouble started over the refusal of the grocer to obey a boycott.

Simple, Attractive and Homelike.

A Small, Well Proportioned House With Many Novel Features—It Can Be Built For About \$3,000.

Designed by Thomas L. West, Seattle, Wash.

PERSPECTIVE VIEW—FROM A PHOTOGRAPH.

FIRST FLOOR PLAN.

SECOND FLOOR PLAN.

Here is a design for a small house combining simplicity, beauty and homelike appearance. The broad, low and well sheltered front porch with large, square columns, the low overhanging eaves of the main roof and the perfectly proportioned dormers in the second story provide an exterior which is simple and at the same time beautiful. The staircase hall is large, and the main landing is provided with a window seat. An arched opening, having square columns with heavy mission capitals and beams overhead, leads from the hall to the living room. The mission design is carried to the bracket shelf of a corner mantel of red tile in the living room. There is also an arched opening between the living room and the dining room. A pretty feature of the dining room is a deep bay, which has five leaded glass casement windows. This room also has a coiled ceiling and a plate rack. Pantry contains porcelain enameled sink, kneading boards, drawers and locker. The kitchen and pantry are finished natural and the rest of the first floor in stained mission oak. Basement, in concrete, contains furnace, fruit room, fuel room and laundry. Size, 26 by 38 feet. First story 9 feet in height; second story, 8 feet 6 inches; basement, 7 feet 6 inches. Can be built for about \$3,000.

THOMAS L. WEST, Architect.

TENT LIFE IN THE SUMMER.

Already hundreds of white and brown tents have been pitched along lake and ocean shores, on the banks of babbling brooks and far up among the mountains. This kind of camp has the advantage over the house and lot variety in that it is movable. If the camper doesn't like the first selected for an outing, all he has to do is to pull down his roof and travel on to a spot of fairer scenery and fewer mosquitoes. Outfits are made so light and so compact nowadays that they can be carried easily by one man. If one has an automobile, gasoline will haul the load and run the errands for supplies.

Tent life far from the crowd and close to nature permits of perfect freedom and results in real rest.

Your pantaloons don't have to be pressed, and you can wear a slouch hat without shame. The pure air is an inspiration and the clean water a tonic, whether taken as a drink or a bath. AND HOW YOU EAT! Food never tastes better than when cooked in a spider under an umbrella out of doors during a rainstorm.

Wanted—Girls to work at Alliance Steam Laundry; good wages; steady employment.
